

**SPECIFICATION**

Range: **SPEECH**

Design: **Angelotti & Cardile**

Codes: **1SL0710-C, 1SL1215-C (writable surface)**

Dimensions:

1SL0710-C: L 73 cm x P 60 cm x H 190 cm – writable surface size 70 cm x 100 cm  
1SL1215-C: L 123 cm x P 60 cm x H 190 cm – writable surface size 120 cm x 150 cm

Description: Top in glossy white laminate, writable with dry markers. Bases in polished cast aluminium with subsequent manual finishing equipped with castors with brake. Structure in chrome-plated tubular steel ø 28 mm. Accessorizable with block notes holder cod. 1ME204 and marker holder cod. 1SL/PP-BO.

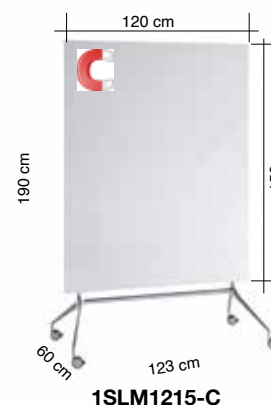

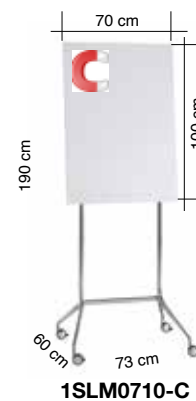

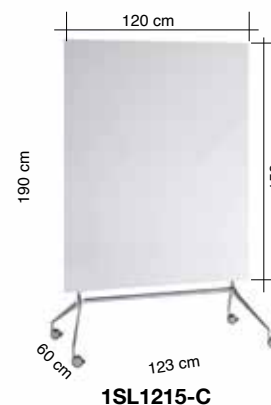

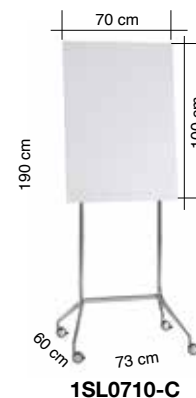

Codes: **1SLM0710-C, 1SLM1215-C (writable surface)**

Dimensions:

1SLM0710-C: L 73 cm x P 60 cm x H 190 cm – writable surface size 70 cm x 100 cm  
1SLM1215-C: L 123 cm x P 60 cm x H 190 cm – writable surface size 120 cm x 150 cm

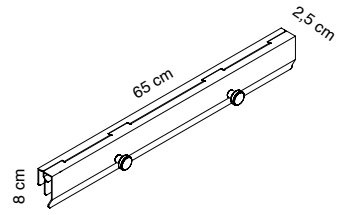

Description: **MAGNETIC** writing top in glossy white laminate, writable with dry markers. Bases in polished cast aluminium with subsequent manual finishing equipped with castors with brake. Structure in chrome-plated tubular steel ø 28 mm. Accessorizable with block notes holder cod. 1ME204 and marker holder cod. 1SL/PP-BO.

Code: **1ME204 (sheets of paper support)**

Dimensions: L 65 cm x P 2,5 cm x H 8 cm

Description: Support made of epoxy powder-coated steel with chrome-plated steel front knobs that allow to lock the sheets of paper and the hooking/unhooking to the writable shelves cod. 1SL0710-C, 1SL1215-C, 1SLM0710-C, 1SLM1215-C

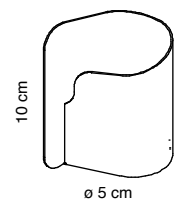

**1ME204**

Code: **1SL/PP-BO (penholder)**

Dimensions:  $\varnothing$  5 cm x H 10 cm

Description: Penholder made of epoxy powder-coated steel. It can be fixed in the rear part of the structure of the writing surfaces cod. 1SL0710-C, 1SL1215-C, 1SLM0710-C, 1SLM1215-C

**1SL/PP-BO**

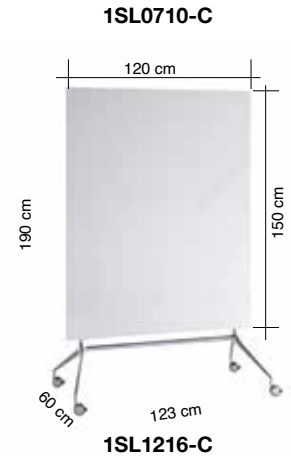

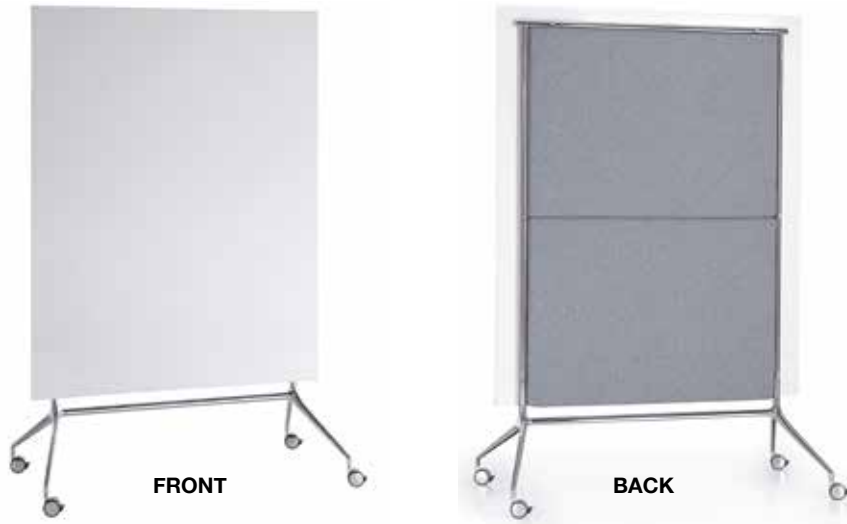

Code: **1SL1216-C (writable surface with sound absorbing panel)**

Dimension:

1SL1216-C: L 123 cm x P 60 cm x H 190 cm – writable surface size 120 cm x 150 cm

Description: Top in glossy white laminate, writable with dry markers. Bases in polished cast aluminium with subsequent manual finishing equipped with castors with brake. Structure in chrome-plated tubular steel  $\varnothing$  28 mm. Accessorizable with block notes holder cod. 1ME204 and marker holder cod. 1SL/PP-BO. Fitted with a sound-absorbing sheet made from Snowsound Fiber Textiles Melange 3 fixed to the structure by Velcro. Fabric in class 1 Italy reaction to fire class according to test methods UNI 8456 and UNI 9174 and Euroclass B-s1,d0, according to test methods UNI EN 13501-1 carried out in conformity to UNI EN ISO 11925-2 and UNI EN 13823.

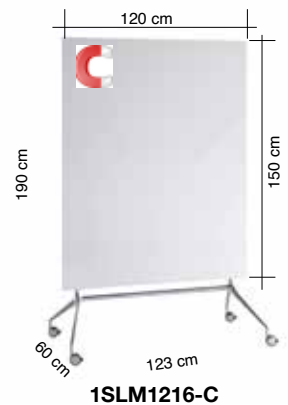

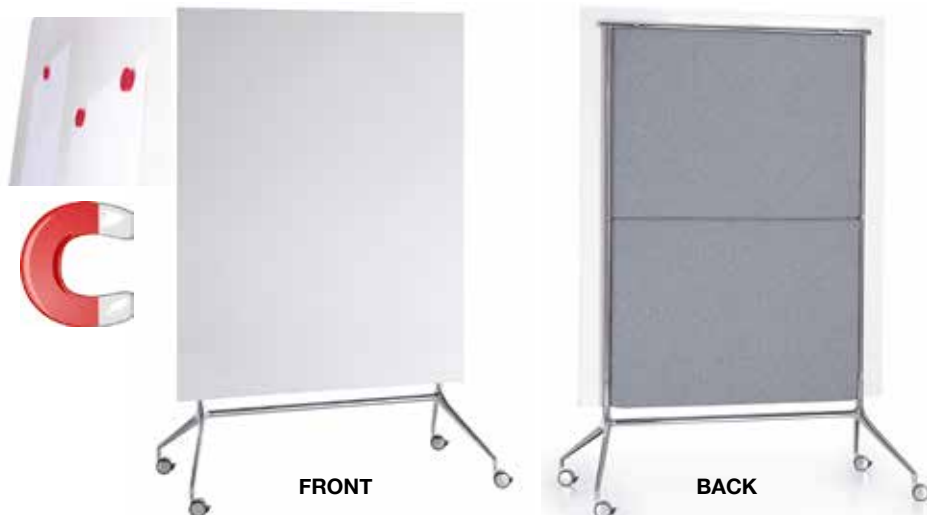

Code: **1SLM1216-C (writable surface with sound absorbing panel)**

Dimensions:

1SLM1216-C: L 123 cm x P 60 cm x H 190 cm – writable surface size 120 cm x 150 cm

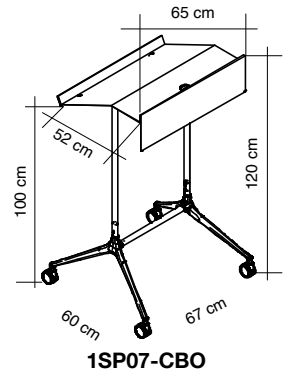

Description: MAGNETIC writing top in glossy white laminate, writable with dry markers. Bases in polished cast aluminium with subsequent manual finishing equipped with castors with brake. Structure in chrome-plated tubular steel  $\varnothing$  28 mm. Accessorizable with block notes holder cod. 1ME204 and marker holder cod. 1SL/PP-BO. Fitted with a sound-absorbing sheet made from Snowsound Fiber Textiles Melange 3 fixed to the structure by Velcro. Fabric in class 1 Italy reaction to fire class according to test methods UNI 8456 and UNI 9174 and Euroclass B-s1,d0, according to test methods UNI EN 13501-1 carried out in conformity to UNI EN ISO 11925-2 and UNI EN 13823.

Code: **1SP07-CBO (lectern)**

Dimensions: L 67 cm x P 60 cm x H 120 cm – top dimensions 60 cm x 52 cm

Description: Lectern with aluminium top epoxy powder-coated steel, equipped with an inclined part to support the sheets or the tablet and a flat part (with hole for the passage of cables) to support the microphone, the remote control or glasses, water bottles etc. Bases in polished cast aluminium with subsequent manual finishing, complete with wheels with brake. Structure in chrome-plated tubular steel  $\varnothing$  28 mm. Accessorized with cable holder cod. 1SP07/PC-BO and display cod. 1SP07/S.

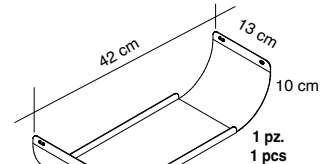

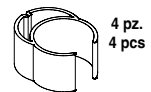

1SP07-CBO

Code: **1SP07/PC-BO (cable housing)**

Dimensions: L 42 cm x P 13 cm x H 10 cm

Description: Cable housing tray made of epoxy powder-coated steel applicable under the lectern top cod. 1SP07-CBO complete with 4 translucent technopolymer fairlead rings applicable to the side support tubes of the lectern itself.

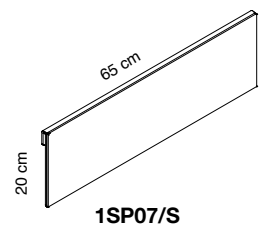

1SP07/PC-BO

Codes: **1SP07/S (display)**

Dimensions: L 65 cm x H 20 cm

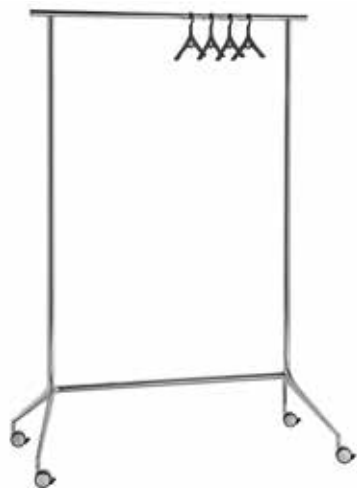

Description: Transparent methacrylate display for lectern cod. 1SP07-CBO / 1SP07-CN.

Code: **1SS12-C (clothes stand)**

Dimensions: L 123 cm x P 60 cm x H 180 cm

Description: mobile clothes stand on wheels, bases in polished cast aluminium with subsequent manual finishing complete with castors equipped with brakes. Structure made up of sides and connecting beams in chrome-plated steel tube  $\varnothing$  28 mm.
